

MINIMA

Anish

Rodolfo Dordoni

DESCRIPTION

Made of a single type of material, in the polished chromed metal and in the varnished Malt-colored satin metal finish versions, Anish is characterized by the frame of the stand designed by four criss-crossing legs, featuring a laser cutout that draws a semi-circle.

There are two heights and diameters available.

With its harmonic design, the Anish coffee table enhances the range of sculptural elements offered by the brand.
