SkLO

DESCRIPTION

Minimal double-sided vessels composed of two different shapes in different transparent colors. Each half of each shape is a different diameter and proportion, with hemispherical ends joined dynamically together just where the two curves meet. The open ends are cut and polished so that the vessels can be oriented with either end up. Six unique shapes, in a bright palette of carefully combined colors. Handblown in the Czech Republic.

FEATURES

- Colors: plum/copper ruby, tourmaline/steel blue, copper ruby/violet, pine tree green/plum, steel blue/pine tree green, tourmaline/violet
