

# MINIMA

# DD Table

Jaime Hayon

## DESCRIPTION

These tables bring refinement to any furnishings with their playful use of precious materials and the subtle break in the lines. Two table tops, the bottom covered with leather, the top available in leather or marble, are connected with aluminium rods. They are offset, thereby generating a tension that is reminiscent of some of the designs of Josef Hoffmann. Lower shelf of leather in many different colors, upper table top marble in 4 colors. Bars powder-coated aluminum in bronze color, also available in black and 3 grey tones.

## DIMENSIONS

47.2"D x 13.8"H

35.4"D x 13.8"H
