Dibbets Rainbow Circle

Rodolfo Dordoni

DESCRIPTION

The creation of Dibbets Rainbow was inspired by the properties of Lyocell® – fibers with an amazing ability to reflect light and accept dye of any color.

The nuanced effect is achieved by mixing various colors: White, Ecrú, Grey and Pewter for “Arctic” Dibbets Rainbow; Rust, Petroleum and Ecrú for “Forest” Dibbets Rainbow; Ecrú, Grey, Blue and Brown for “Boreal” Dibbets Rainbow.

FEATURES

- colors available: arctic (white, ecru, grey and pewter shading), forest (rust, petroleum and ecru shading), boreal (ecru, grey, blue and dark brown shading)
- made from 100% Lyocell® (a cellulose fibre), hand-crafted according to the manual Tufting method
- also available in rectangular version

DIMENSIONS

- small - Ø11'5"
large - Ø15'5"
also available in custom sizing
