# Elliott Side Table

Rodolfo Dordoni

## DESCRIPTION

A sophisticated collection of jewel-like coffee tables, which team a pure, essential aesthetic with a surprisingly varied combination of materials. A range of coffee tables whose aesthetic nature is akin to that of a precious object and which have a precise function - to serve as a surface - but most importantly to lay a highly decorative role, revealing a well measured elegance that mimics the Milanese design from the 50s and 60s.
