Felt

Tom Dixon

DESCRIPTION

A technique known as fabric-forming is used to create this pendant light, a process rarely used in lighting and furniture design. Felt is created by heat pressing a double layer of material which is then sculpted into shape.

FEATURES

- tactile grey exterior and white interior
- can be hung individually or in multiples using the Pendant System
- also available as a floor light on a tripod stand
- compatible with Megaman Classic 11W LED Light Bulb

DIMENSIONS

- D15.75" x H10.24" also available with a 50" diameter
