# FK Lounge

Jørgen Kastholm & Preben Fabricius

## **DESCRIPTION**

Timelessly modern: at the end of the Sixties, the FK bucket seat became a model for modern design. Today it is considered a design classic all over the world. The FK lounge chair is a new release – a member of the FK family right from the start. Its significant contours make it an icon of minimalism. The timeless lounge chair with its low seat height and invitingly broad bucket convinces on its own, in a group or as a complement to seating- or lounge groups.

Like the FK bucket chair and the upholstered armchair FK 86 Lounge, the FK Lounge stands on a swivel base.

## **FEATURES**

- Upholstery available in a variety of leathers
- 3-star swivel base in mirror polished aluminum

## **DIMENSIONS**

- 31.9"W x 30.7"D x 33.1"H x 16.1"SH
