

Float Pendant

SkLO

DESCRIPTION

Spherical glass shades with a molten, organically shaped open mouth. Available in opaque white glass, clear glass, and three transparent glass colors. Hand blown, no two exactly alike.

A large sphere of hand blown Czech glass with a removable brass socket assembly through the glass. An exposed black fabric wrapped electrical cord runs from the brass socket assembly to the canopy. Each hand blown sphere is broken hot from the glass master's pipe and then the mouth is torch-polished to create a unique detail – hand blown, no two exactly alike. The mouth is located slightly off center, not at the bottom of the sphere, giving the light an organic irregular quality. Two thumb screws attach the removable socket from the side of the glass sphere to access the bulb.

FEATURES

- glass available in clear, amber, olivin, red, smoke, steel blue, or white
- finishes available are dark oxidized, brushed brass, or polished nickel
- cord color options are black, blue, gold, or gray
- solid brass canopy
