

MINIMA

GHIACCIO

Piero Lissoni

DESCRIPTION

From the Neve experience Ghiaccio was designed, a new lower and more comfortable armchair, softened by fabric cushions. If the supporting frame features a series of straight lines in different thickness, slightly bending, making it pleasantly aerodynamic, its round cylinder feet, the light bending of the back and of the suspended seat as well as the frame upholstery make it slender, intimate and welcoming.

FEATURES

- structure available in black stained ash, white stained ash, red stained ash and natural ash finishes
- seat covering available in a variety of fabrics, leathers, or eco-leathers

DIMENSIONS

W 26.4" x D 22.8" x H 25" x SH 15"
