DESCRIPTION

Coffee table/stool which stands out for its fun play of opposites: the horizontal form of the contoured table-top contrasting with the pleasant incline of the tapered legs, and the material aspect of the wood with the smooth, soft surface of the seat which takes shape and becomes three-dimensional.

FEATURES

- composed of contoured legs in steel sheet and epoxy powder coating in black
- top in MDF and aluminum sheet pressed and glued together with embedded steel plates for the fixing of the legs, veneered in oak, natural or charcoal dyed, or Stone Oak®
- edge and bottom in matt satin- finish
- stool consists of a chassis seat in multilayer poplar wood and padded with polyurethane foam, covered with acrylic fibre layers
- table version with tray covered in leather or felt
- floor support secured by plastic feet

DIMENSIONS

W 46.5" x D 23.2" x H 10.8"

W 28" x D 14" x H 15.7"
