# Jaan Bed

EOOS

## **DESCRIPTION**

The lightness of being. Not bright and loud. The striking thing about the Jaan bed is its charmingly elegant allure. The designers made the upholstered bed float; generous lounging spaces on a delicate framework render it seemingly weightless, Jaan shapes the room. Supremely soft and coolly casual, it's poetry in the form of clean lines.

## **FEATURES**

- Upholstery available in a range of fabrics and leathers
- Optional shelf at the back of the headboard in glass or saddle leather
- Upholstered frame: cold foam with textile wrap
