Jacques Angled Sofa

Rodolfo Dordoni

DESCRIPTION

The Jacques collection includes sofas available in several sizes, originated from a common design seed that transforms a vaguely retro style into a symbol of absolutely contemporary style. A sophisticated aesthetic language that is expressed in soft shapes, compact proportions and details with striking visual impact, like the metal base with Light Bronze finish. Elegant stitching emphasizes the curved silhouette of the Jacques armchairs and sofas, whose rounded shapes create a surprising contrast with the more formal, geometric outlines of the Lawrence sofa.

All of the seating elements share the enveloping lines that offer a pleasant sensation of welcoming warmth, thanks to the soft cushioning in the seats and backrests. Structural perfection and flawless tailoring underscore the high level of expertise achieved by the company over the years and are the consummate expression of its masterful craftsmanship.

The sophisticated elegance and compact proportions inherent in all the Jacques collection seating elements allow them to thrive harmoniously in any setting – from home decor to hospitality – and to be easily paired with the new seating systems.
