Leadchair

EOOS

DESCRIPTION

The art of leadership needs excellent tools – tools for convincing management. The new Leadchair makes a clear statement: modern understatement. The result of a five-year development process, the swivel chair represents the DNA in design by Walter Knoll: modernity that remains timeless, the constant development of upholstery expertise, the elegant shaping of lines and surface, the transparency of function. Soft skills with persuasive arguments – particularly for women in the executive seat.

FEATURES

- executive chair with height adjustment mechanism
- 5-star swivel base with castors
- conference chairs are 4-star based and available with return mechanism for a surcharge (not possible for chair with a height adjustment)
