

# minima

# Morrison

Rodolfo Dordoni

## DESCRIPTION

The Morrison system of containers escapes from the idea of mass production and fully echoes the custom-made concept, by adding new elements and finishings and developing a veritable collection, with a myriad of solutions that extend its use to all the rooms of the house

## DIMENSIONS

available in a wide range of sizes and configurations

## FEATURES

- Three versions: On the floor, or in heights of CM 12 and 25
- Different styles can be ascribed to the three bases which have also been designed according to their association with other products in the collection.
