

MINIMA

Physix

Alberto Meda

DESCRIPTION

The structure of Physix is based on the idea of creating a continuous seat shell by stretching a single textile panel between two side members. With its design, the chair assumes its place in a long line of iconic chairs while taking the typology to yet another level.

FEATURES

- powder-coated aluminium in deep black or soft grey
- with synchronised movement, individual adaptation of backrest resistance and locking device in upright position
- seat height continuously adjustable via pneumatic spring
- flexible frame and armrests in polyamide (deep black or soft grey)
- one-piece sling panel for the seat and back in TrioKnit knitted fabric or FleeceNet woven fabric
- five-star base (four-star for conference seating) in die-cast aluminium, with a polished finish or powder-coated in deep black or soft grey.
