Richer coffee table

Rodolfo Dordoni

DESCRIPTION

Richer is characterized by its minimal design. Two thin discs of satin finish aluminum in Malt color joined by a semi-circular band covered in a Licorice shade of brushed larch wood, compose the frame of the Richer side table.

Its lightweight look and rounded forms make it ideal for occupying the space beside a sofa. It comes in two sizes, with different diameters and heights. In the shorter version, 44 cm tall, Richer unveils a surprise: a rotating disc positioned at the base, designed as a Lazy Susan tray, bringing the objects placed inside it into easy reach.
