Seam vessel

SkLO

DESCRIPTION

SkLO *seam* vessels are mirrored vessels of handblown glass. While hot, the vessels are asymmetrically squeezed and then cut, creating an off-center double mouth at the top. The mouths are ground and polished. The internal mirroring is delicate and makes these pieces unsuitable for functional use, arrangements, or holding liquids.

FEATURES

- Each size is available only in the color shown

DIMENSIONS

- small: 7.5"H x 10"W
medium: 11"H x 10"W
large: 13"H x 10"W
