Seymour Sectional

Rodolfo Dordoni

DESCRIPTION

Seymour was conceived of the idea to create a seating system that maintains a distinctly formal precision while surrendering to the desire for curved lines in an elegant succession of soft, inviting volumes. The Seymour sofa expresses a softly feminine comfort and sensual elegance, drawing its inspiration from dynamic, sinuous architectural language. The system comprises linear and curved seating elements with one-piece seat cushion matched with foam seat backs in two heights that form three-dimensional curves and make it possible to create both fixed sofas as well as linear or corner sectional compositions.

FEATURES

- available with a high or low back
- coverings can be removed without dismantling the bases
- available in fabric or leather

DIMENSIONS

- available in a wide range of dimensions and configurations
