DESCRIPTION

With a strong textural impression created by the unconventional combination of materials such as marble and saddle hide, Side is composed of four panels that embrace the top, covered in saddle hide and distinguished by a light profile - with visible stitching that mark its perimeter. The top is available in Black-coloured back-painted glass, Zebrino or Stone Grey marble, and is set into the frame.

It can be square or rectangular and comes in different sizes, making it an ideal stand-alone piece or suitable for integration with the seating systems.

A furnishing accessory with an obvious sartorial style, designed as a satellite of the West seating system, but also perfect in other original arrangements.
