

MINIMA

Standard

Francesco Binfaré

DESCRIPTION

Malleable, adaptable to the users' desires. It is a soft embrace but also movement to the nth degree. The key element is a "smart pillow" that acts as a backrest and armrest, adjustable at will and separately. It allows total freedom of positions: symmetrical, asymmetrical, formal, informal, for reading or tablet consulting. The strong but supple back and the soft silhouette enhance the elegance of this upholstered, which looks equally nice from the back as from the front.

FEATURES

- metallic structure
- padding is polyurethane and synthetic wadding
- available in fabric and leather upholstery

DIMENSIONS

Available in a wide range of dimensions
