Tank Champagne Glasses

Tom Dixon

DESCRIPTION

Tank Champagne Glasses are sold in pairs. Mouth-blown and ornamented with hand-painted copper detailing they form part of a collection alongside Tom Dixon's Tank Low Ball, High Ball and Wine Glasses and pair beautifully with items from our Plum range too. A Jug and Decanters are also part of the Tank range. Presented in gift-packaging.

In Black, Tank sets a mysterious and indulgent tone. Created through a technically demanding fusion of clear and solid black glass, Tank is mouth-blown into the graphic forms for timeless table top architecture.
