# Tiller

Piero Lissoni

## **DESCRIPTION**

The Tiller Sideboard is available in two models, one vertical, 1600 mm long and the other horizontal, 2330 mm long. Tiller exhibits 4 doors to be opened, one over the other at 180°, a detail pleasantly changing its face design. Raised on 4 metal matt feet from the floor, the sideboard stands out once more for the brand technical expertise, able to test new opening systems and technologies. Tiller is made with an Eucalyptus structure and internal shelves in glass, and both models can be fitted with internal drawers in the same finish.

## **FEATURES**

- engineered core overlaid with eucalyptus veneer
- black varnished metal

## **DIMENSIONS**

- Low W 91.7" x D 21" x H 24.2" High W 46.7" x D 19" x H 65"
