Fernando And Humberto Campana

## DESCRIPTION

500 meters of special rope. A week of work. High specialization. They are all needed to create this wrap-around chair with aluminum and steel frame, and manual weaving of the rope directly onto the frame. The unique padding is created by progressive overlapping of hundreds of abundant twines on the frame.

## DIMENSIONS

W 33.9" x D 22.8" x H 30.3"

## FEATURES

- rope made with an acrylic core and cotton cover
- woven directly on the steel case
- available in a variety of colors
