# Void Mini

Tom Dixon

## **DESCRIPTION**

Inspired by the Olympic medals, Void is a mysterious lighting object. This pendant light is made from solid brass sheets which are pressed, spun and brazed. The double walls reflect and soften the light emitted from a concealed halogen bulb. Hand polished to create a mirrored surface. Perfect for above a dining table or hung in multiples.

## **FEATURES**

- available in brass, copper and polished steel
- uses G9 25W bulb
- compatible with Megaman LED 3W Light Bulb
- also available in larger size

## **DIMENSIONS**

- D6.1" x H8.27", cable L98.4"
