Void

Tom Dixon

DESCRIPTION

Inspired by the Olympic medals, Void is a mysterious lighting object. This pendant light is made from solid brass sheets which are pressed, spun and brazed. The double walls reflect and soften the light emitted from a concealed halogen bulb. Hand polished to create a mirrored surface. Perfect for above a dining table or hung in multiples using our Pendant System.

FEATURES

- available in brass, copper and polished steel
- compatible with Megaman LED 3W Light Bulb
- available in two sizes

DIMENSIONS

- Void D11.8" x H8.27", cable L98.4"; Void Mini D6.1" x H8.27", cable L98.4"
