Waves

Nendo Design

DESCRIPTION

With a direct reference to the undulating profile of the ocean, the Waves coffee table consists of a Smoked Grey-coloured glass top, which is supported by a painted aluminium structure – in a Sand or Light Bronze tone on the outside, and a Pewter shade on the inside.

The succession of inverted semicircles that make up the sinuous front silhouette accommodates hollow spaces that enable the users to leave magazines, newspapers and small objects in plain sight.

Designed for the living room, but also perfect for other settings, it is available in four sizes. It can be combined with other Waves, to create a continuous modular sequence that plays with the transparency of the voids and the lightness of the lines.
