20-06 Chair

Norman Foster

DESCRIPTION

Emeco's collaboration with Norman Foster resulted in the "20-06" Stacking chair. Foster envisioned a more "neutral" stacking chair-visually and physically lightweight. But the 20-06 is also super strong-tested to 445Kg. Lord Norman Foster said "I appreciate the anonymous character of the 20-06 collection-it meshes seamlessly with our vision for interior space."
