DESCRIPTION

Venti Home perfectly expresses the present trend to the dynamic and shared job.

A job that, if necessary, may become highly independent. An attitude also adopted at home, where, for a few years, home office spaces have been created, i.e. real active corners to work either continuously or temporarily. The home working desk is equipped with an aluminum opening for cable management, matt white painted on the white-painted tables and matt black painted for the black nickel and bronze versions.

A steel cable collection spring, available in the colors black and white, is available as an optional accessory.

FEATURES

- Color combinations:
 - Matt white painted structure and top in bleached oak
 - Black nickel painted structure and top in anthracite oak
 - Bronze painted structure and top in light oak
