ACROPOLIS

CTO Lighting

DESCRIPTION

The unique veining of the alabaster means that no two lights are the same. Some are almost white whilst others have grey veining. The texture is added by our artisans by chiseling out the stone surface. The alabaster shade glows in a unique way to evoke a luxurious standout piece.

FEATURES

- Finishes:
 - white alabaster with black steel detail

DIMENSIONS

- 8.9" x 18.9"H
