Aiku

Jean Marie Massaud

DESCRIPTION

The Aïku chair collection, inspired by the short and romantic Japanese poems (haiku), extends and also includes stools.

Aïku stool – elegant, convivial and smart – comes either with a wooden base or with the sled.

The latter is stackable, which makes the stool highly performing, thus confirming its double aesthetic and functional nature. The shell is offered in all of the versions available for the chair, including the comfortable and wrapping padded model. Like the chair, Aïku stool was conceived for homes, restaurants – in particular, is recommended next to kitchen counters, bars and get-together areas – and collective spaces.

FEATURES

- Shell made from two-color polypropylene, mass pigmented with the double finish
- Gloss outside in black or white colors, inside with matt saffiano effect in different colors
- Padded shell: the cover is not removable and covers the shell completely
- Bases:
 - led base in steel wire, painted matt white, matt graphite grey or chrome-plated
- 4-legged base in solid oak with a natural, bleached or brown finish.

DIMENSIONS

- Sled base:
 - L24" x D22" x H38" SH25"
 - L25" x D22" x H43" SH30"
- 4-legged oak base:
 - L19" x D22" x H38" SH25"
 - L19" x D22" x H43" SH30"
