Allegory Desk

GamFratesi

DESCRIPTION

Allegory desk, a perfect handy stand for home office spaces and for the most intimate contract solutions, by the Italian-Danish duo GamFratesi, enriches the furniture proposal of Wiener GTV Design with elegance and simplicity. The wide disk in steam-bent solid beech contains a woven cane screen and characterize the desk with the brand's iconic elements, by linking the countertop with the base's bent element. The wide-mesh interweaving suggests that this element can be used for multiple applications, which makes it functional as well as aesthetic, enabling additional accessories and memos to be hung on the weave.
