# Anish Wood

Rodolfo Dordoni

## **DESCRIPTION**

Anish Wood is the new version of the coffee table designed by Rodolfo Dordoni, now featuring new materials, shapes and dimensions.

The circular or elliptical Licorice coloured ash top has edges smoothed like a river pebble, the result of in-depth technological research, and rests on the characteristic polished Chrome or Pewter metal base. The large coffee table for the centre of the lounge, on the other hand, is proposed in a single-material solid wood version, with the top resting on two curved bases, crafted with exquisite manufacturing skill.

The possibility of combining coffee tables of different heights allows Anish Wood to interpret the new ways of contemporary living with a high degree of versatility.

## **FEATURES**

- Base available in Chrome finish or varnished polished Pewter

## **DIMENSIONS**

- 23.625" diameter 17.125"H  
39.375"L 31.5"W 15"H  
70.875"L 41.75"W 11"H
