Avery

Minotti Studio Design

DESCRIPTION

With its modern vibe and reassuring, sophisticated color, the Avery rug elegantly furnishes outdoor spaces.

The Avery rug stands out for its woven mesh structure, made with special looms that are exclusively custom-engineered for Minotti.

It is the result of a semi-artisanal crafting process, which involves assembling strips of material sewn with high tenacity yarn.

The acrylic fibre used to make it respects and enhances its characteristics of permeability, breathability and suitability for humid environments.

It is available in the colors Dark Brown, Bronze and Cord, shades used to create a perfect match for the teak and Iroko wood featured in the Minotti Outdoor collection.

The standard measurements and shapes support an extensive variety of design requirements, ranging from the square, round and rectangular shapes to versions with personalized dimensions.

FEATURES

- The rug is made entirely of Olyna Outdoor, a 100% Made in Italy polyolefin fiber, crafted from a compact yet flexible braided structure with a tricot effect
- The rug is available in the following colors: Bronze, Dark Brown and Cord
