Bellevue

Soda Des/gners

DESCRIPTION

Essential and, at the same time, ingenious, the Bellevue mirror rotates, with its stainless steel frame and segments that are protruding yet blunted, giving diverse perspectives and refractions of reflected images, in order to observe the world from new points of view.

FEATURES

- Stainless steel outside “super mirror”
- Back of the mirror: Medium density panel with finishing “carbone” oak melamine

DIMENSIONS

- 36" x 36" x 1"
