

MINIMA

Belt "Cord" Outdoor Sofa

Rodolfo Dordoni

DESCRIPTION

The enveloping and comfortable body of the Belt seats designed for indoor use in 2021 also shapes the outdoor version. The band which outlines the silhouette of the volume references the shape of a belt. In the new outdoor version, this silhouette becomes a corded contour in the colours Sand and Dark Brown.

The seats rest on a matt varnished aluminium base, in the shades of Ecu and Dark Brown, reiterating the colours of the cord, and feature padded cushions with extra-durable polyurethane foam inserts, covered in water-repellent fibre and fabric.

The Belt Cord Outdoor family is composed of a two-seater sofa, bergère, armchair, ottoman, lounge and dining armchairs, all also available with natural finish teak legs. With a more classic feel and a warmer aesthetic, this version can be easily combined with all the other furnishing pieces in the outdoor collection.

DIMENSIONS

FEATURES

- Available in a wide range of Fabric and Leather
- Corded Structure available in Sand and Dark Brown
- Aluminum base available in Ecu and Dark Brown
