Block

Rodolfo Dordoni

DESCRIPTION

With its sculptural look and frame in solid wood inspired by the Brutalist architecture, Block affirms itself as a furnishing piece with a big personality.

Featuring a solid wood block structure, the base of the Block coffee table is conceived as a solid volume in the shape of an “L” or an upside-down “T”. In Moka lacquered oak wood, it is completed by a top that let the graft appear on the surface in a clear view.

Visually, the top has a sculptural feel, sporting smoothed edges like a river stone, a tactile and a shiny lacquered finish in a color palette ranging from White to Rust and Moka.

The Block coffee table is available in two different heights, both with a rectangular top.

DIMENSIONS

39" x 19" x 16"H

21" x 15" x 18"H

FEATURES
