Brady Coffee Table

Rodolfo Dordoni

DESCRIPTION

Brady is a family of coffee tables ranging from the classic 30 cm height to an innovative 51 cm high version.

The rigorous shape of the central column supporting the circular tops, or the rectangular one with rounded corners, is combined in a symphony of colours with the multiple chromatic shades of the marble tops. A rounded, lenticular-shaped, scratch-proof, matt lacquered top support envelops the lithic tops, concealing their thickness and thus lightening their formal aesthetic.

In some variants Brady appears as a rigorous monolith of colour thanks to the base that echoes the dominant colour of the marble top above it.

The innovative 51 cm high version of Brady, when paired with the Torii Bold ottoman on castors, creates a new and contemporary way of experiencing the living space. A furnishing piece designed for moments of conviviality that also opens up to a new interpretation of the space dedicated to relaxation for informal dining occasions.

FEATURES

- Base available in a variety of finishes
- Top available in several marble options
