# Caden

Wittmann Workshop

## **DESCRIPTION**

Understated, but with a strong personality: CADEN deftly walks the tightrope between pared-down simplicity and classical elegance. Affixed to the upholstery at a small number of points with unobtrusive stitching, the generously proportioned squares give the model its appealing look. The cover flows from the front of the headboard over the side edges, creating a uniform aesthetic: straightforward, but by no means nondescript. selecting lower runners gives CADEN a slightly more athletic stance, while taller ones elevate its presence within the space.
