Cielo

CTO Lighting

DESCRIPTION

The collection takes its inspiration from the architectural cupola. When combined with our unique artisan glass finish, the semi-transparent shallow dome reflects the light source in a special way that is both functional and ethereal. The LED source is hidden from view and is contained within a satin brass or bronze cupped center.

FEATURES

- Finishes:
satin brass with handmade fritted glass and shade
bronze with handmade fritted glass and shade

DIMENSIONS

- Ø12.4" x 5.1"
Ø15.2" x 5.1"
