Daiki Studio

Marcio Kogan / Studio Mk27 Design

DESCRIPTION

Inspired by his many trips to Japan, the Daiki seat, part of the collection since 2020 in both indoor and outdoor versions, is the expression of the Brazilian architect's passion for Japanese culture and is now available in an office version.

Made using sophisticated wood crafting techniques, the curved body is composed of two elements joined at a 45° angle, which guarantee maximum comfort. In Dark Brown stained palisander Santos, or Black-coloured open-pore lacquered flamed ash wood, the body provides a snug fit for the cushioning.
