# Dibbets Barcode

Minotti Studio Design

## **DESCRIPTION**

The kinetic art movement was the inspiration for the pattern featuring stripes of various widths on the Dibbets Barcode rug.

The kinetic geometry of Dibbets Barcode is a bold, distinguishing mark with a geometric effect that evokes movement. In the pattern, geometric strips made of bright Lyocell® viscose, a fibre produced from cellulose, alternate with others in New Zealand wool.

Dibbets Barcode is made with an artisanal process using the hand tufting method. It is available in a wide range of colors – Cord, Moss Green, Dark Brown, Iron and Charcoal – and sizes, and can also be supplied with customized measurements.

## **FEATURES**

- Rug composed of 50% New Zealand Wool and 50% Lyocell, hand-tufted artisan workmanship
- The rug is available in the following colors: Moss, Charcoal, Iron, Dark Brown and Cord.
