Drape Arm 3

SkLO

DESCRIPTION

The drape arm 3 pendant consists of 3 individual pendants hung from a 3-arm brass structure suspended from a single canopy. Each individual pendant is a 4 1/2" diameter handblown glass globe suspended on a fabric-wrapped electrical cord. The exposed cords issue from the canopy and pass through the individual arms. The glass shapes feature double-dipped fire-polished mouths where the piece is broken from the blower's pipe, making each unique. Glass is handblown in the Czech Republic.
