Drape Hook

SkLO

DESCRIPTION

The *drape hook* pendants are a series of organic multi-light fixtures that allow for infinite composition and variation. Available in nine, seven, five, and three-light versions, *drape hook* offers a unique ability to integrate into architecture and interiors. *drape hook* consists of multiple 4 1/2" (11cm) diameter handblown glass pendants individually suspended from a single canopy on fabric wrapped cords. The glass spheres are handblown Czech glass, each with a double-dipped fire-polished mouth where the piece is broken from the blower's pipe, making each unique. Each individual cord comes with a custom solid brass loop attached, allowing for the individual pendants to be composed and hung from their individual solid brass ceiling hooks (included).

DIMENSIONS

4.5" spheres with 6' fabric wrapped cords standard
