Drape Hook

SkLO

DESCRIPTION

The drape hook pendants are a series of organic multi-light light fixtures that allow for infinite composition and variation. Available in nine, seven, five, three, and one-light versions, drape hook offers a unique ability to integrate into architecture and interiors. drape hook 1 consists of a single 4 1/2" (11cm) diameter hand-blown glass pendant suspended from a single canopy on fabric wrapped cord. The glass spheres are hand blown Czech glass, each with a double-dipped fire-polished mouth where the piece is broken from the glass master's pipe, making each unique. Comes with a custom solid brass loop attached to the cord, allowing for the pendant to be hung from the solid brass ceiling hook (included).
