Form Swivel

Simon Legald

DESCRIPTION

A flawlessly cohesive design and visionary variations characterize the bestselling Form collection, which was introduced in 2014 and is being continually expanded. The swivel base in cool aluminum gives the Form chair a masculine and exclusive look as well as comfortable freedom of movement, making the chair eminently suitable for places like conference rooms and restaurants. The swivel base grips the chair shell with four slim arms that meet in a rotating centerpiece, which then branch out into either five or four legs, depending on whether the chair comes with castors.

The specially-developed assembly principle permits a wide range of combination options, in which the various Form models, chair, armchair and barstool, can be given different expressions, all according to the choice of base, color and upholstery. With a dazzling number of over 40,000 possible combinations, Form can be customized to fit exactly the style and mood that you want to create. The Form swivel base is available in black, white and polished aluminum. Designed by Simon Legald.

FEATURES

- upholstery in a wide range of fabrics and leathers, also available with polypropylene seat in 6 colors
- swivel base in stationary 4-star or 5-star with wheels
- available with or without arms

DIMENSIONS

28.5"W x 28.5"D x 29/34"H x 15/20"SH
