# Fynn Dining Outdoor

GamFratesi Design

## **DESCRIPTION**

Of Scandinavian inspiration, the Fynn Outdoor table is in 100% natural solid teak, crafted with artisanal savoir-faire.

The design of the Fynn Outdoor dining table spontaneously originates from the design of the chairs and armchairs, for an outdoor space in harmony with the seats. Smooth, soft to the touch, with no rough edges, the structural and lateral parts of the table reiterate the elongated and slightly curved design of the wooden armrest, which characterizes the family of seats.

The rectangular top, made of wooden staves, is available in two sizes.

With an extremely lightweight look, emphasized by its simple structure, Fynn Outdoor is a table that becomes the protagonist of any outdoor dining space.

## **FEATURES**

- Top: natural solid teak slats, 22 mm thick
- Structure: stainless steel frame, varnished black
- Legs: in natural teak with a Pewter color varnished metal plate attached to the lower part that rests on the ground

## **DIMENSIONS**

- 88" x 41" x 28"H  
112" x 41" x 28"H
