Fynn Dining Outdoor

GamFratesi Design

DESCRIPTION

Scandinavian values meet Italian tradition in Fynn, a project created by combining fine cabinet-making in the wooden elements and sophisticated upholstery with fabric or saddle-hide.

The signature element of the Fynn seats is the armrest, elongated and slightly curved, rounded and smooth to the touch, 100% handmade. Its precise, well-defined line identifies the whole family of seats, in the two Fynn and Fynn Saddle-Hide versions. Covered with the exclusive fabrics and saddle-hides in the collection, it fully expresses the high level of the elegant sartorial process which has always been Minotti's distinguishing mark.

The family comprises armchairs, lounge and dining little armchairs, benches, poufs and coffee tables.

The Fynn armchair and little armchairs feature an ultra-lightweight aesthetic with a minimal frame in ash wood with Licorice color stained finish. This hosts a padded seat and backrest cushion, designed as a single element. The informal rigour with which Fynn hosts the upholstered element designs a comfortable seat that almost cradles the body, wrapping it in the warmth of the wooden structure.

DIMENSIONS

26" x 35.5" x 29" SH 15"

FEATURES

- Structure in solid ash with open-pore Licorice color stained finish
- Seat and backrest cushions in high-resilience polyurethane foam and water-repellent, eco-friendly viscose fiber
- Available in a range of fabrics and leathers
- Available as Dining Chair as well
