Gaulinetta

Oscar Tusquets Blanca

DESCRIPTION

The Gaulinetta is an evolution of the Gaulino chair. This is an ideal chair for dining and can easily be concealed under the table when not in use.

The Gaulino chair was designed in 1987. BD re-edited it, improving it in 2010. It is one of Oscar Tusquets greatest designs! Even though its appearance is totally artisanal, it was his first real wooden industrial project, taking into consideration the sizes of the machines, so that they could make the turns that model the legs. The result is a hand-carved look, which is slender and sculptural.

FEATURES

- Frame in natural varnished solid ash, ash stained black or coral red.
- Seat upholstered in natural hide, black hide, or toasted hide.

DIMENSIONS

- 15.7"W x 20.4"D x 32.6"H x 18.9"SH
