# Gladstone

Rodolfo Dordoni

## **DESCRIPTION**

The Gladstone coffee table is the harmonious and refined embodiment of the entire 2022 Collection, characterized by a precise stylistic identity that combines a Scandinavian soul with Japanese aesthetics.

Its base recalls the organic forms of Nordic design with clear inspiration from the 1970s: four solid cylindrical legs support an oval top which, thanks to its flared detail, appears thin and light, creating a pleasant contrast between the consistency of the marble material and the visual lightness of the coffee table.
