Jensen Armchair Low Back

Rodolfo Dordoni

DESCRIPTION

Design and comfort describe the Jensen perfectly. It's rigid, the external structure lending stability to the shape, while the goose down cushioning invites surrender. But it's the base that expresses the impeccable originality and uniqueness of Jensen, its triangular section of die-cast aluminum offering wave after wave of harmonious curves, modulating in degrees of thickness and roundness.

FEATURES

- upholstery available in a range of fabrics and leathers
- swivel base in extra-glossy pewter-colored finish
- also available as a high back

DIMENSIONS

- Lowback:
31.9"W x 33.5"D x 30.8"H x 15.8"SH
